Christmas Season

Session 2 of Learn to Skate is well underway. The highlight of session 2 for many of our skaters is the LSC Christmas Show.

For those unfamiliar with our Christmas Show, it is a chance for skaters to showcase what they have learned so far this year. Each class will have a routine that will be in the show. Costumes will be simple and are communicated to the parents by the coach. They are typically things that are already in your child's closet such as black pants and a red t-shirt.

Following the Christmas Show, skaters and their guests will have the opportunity to participate in our Skate with Santa open skate as well as join us for the Christmas Show after glow. The afterglow will consist of snacks, a raffle, and loads of fun!

Take your Skating to the next level

Is your skater enjoying classes, and wanting to take their skating to the next level? Many skaters accomplish this by adding a second day of learn to skate and/or taking private lessons. To learn more, talk to

Fantasy of Lights Parade Walkers and Builders needed for Fri, Nov 23rd.

Fantasy of Lights

The Livingston Skate Club will once again be participating in the Fantasy of Lights Parade Friday November 23rd. We are looking for skaters and family members of all ages to participate to help spread holiday cheer and advertise our club to our hometown!

Although a majority of the work on our float is done, we are looking for volunteers on Sunday November 18th and Friday November 23rd. The parade is

not possible without parent volunteers. To sign up to walk and/or help with the float, please contact the front desk, or email livingstonskateclub@gmail.com.

The parade starts at the High School and ends at National Street at Family Video. The girls will be taken to Family Dollar parking lot for pick up.

BWW for High School Team

Please help us support the Howell Unified Figure Skating Team on Monday December 3rd at Buffalo Wild Wings in Howell. The team can be seen practicing at our rink on Monday evenings, and features many of our clubs skaters. For more information on this event please see the Facebook event on the LSC Facebook, or pick up a flier at the front desk.

one of the members of our coaching staff. We want to make sure your skater is getting everything they want out of their experience at LSC.
